CCFDG

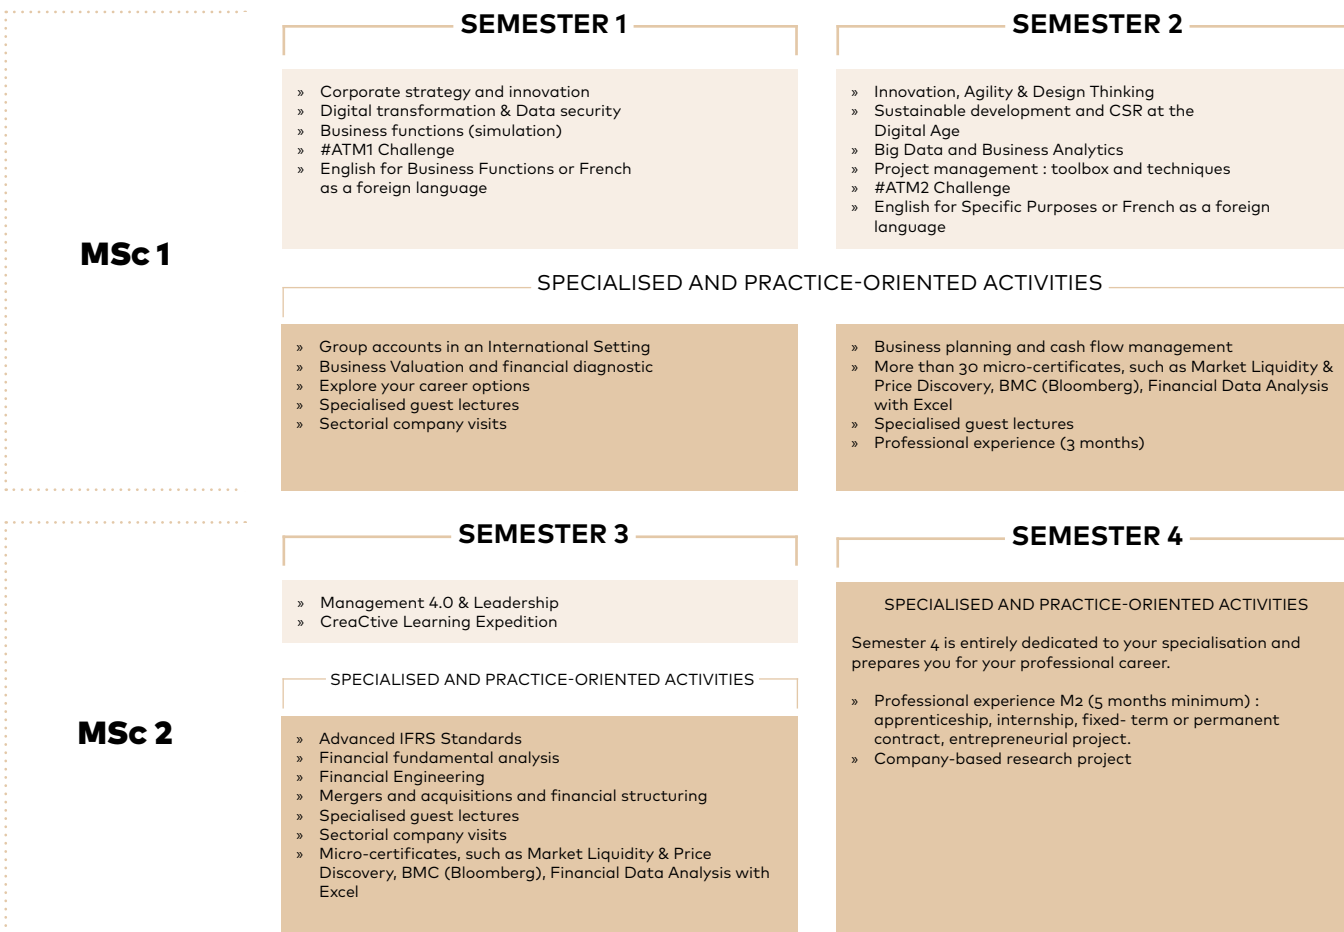

Programme overview

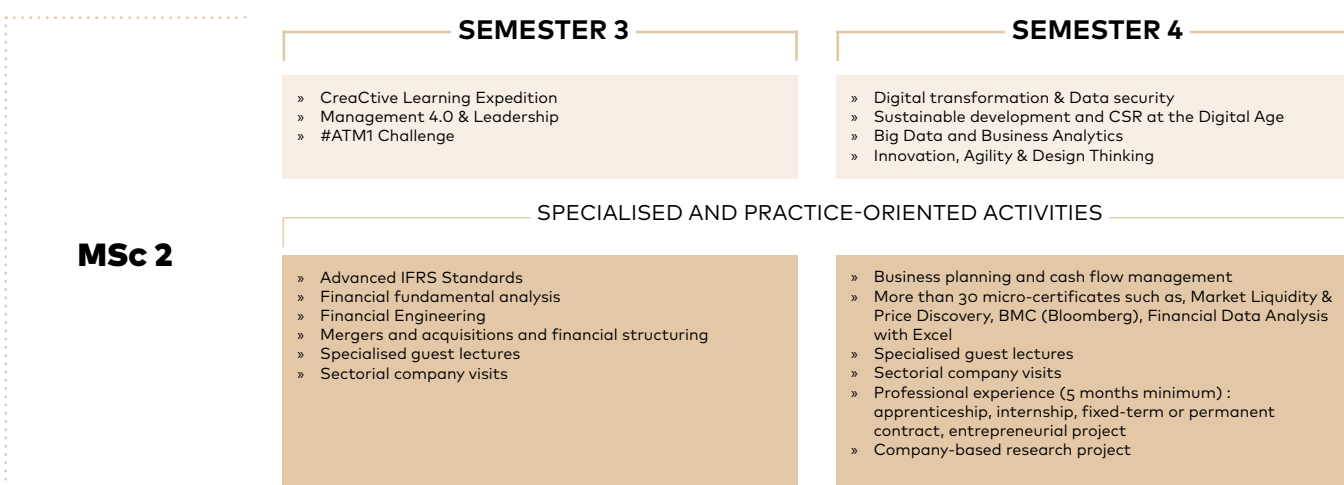

The MSc in Corporate Finance provides you with the skills you need in financial analysis and management to manage companies at a national and international level. It has been designed to equip graduates with the skills that CFOs and finance managers are looking for. You will gain a solid grasp of investment and risk management, business valuation, cash management, and learn how to create and manage a strategic finance plan, create a business plan, manage mergers and acquisitions, prepare financial packages, etc.

You can join the regular track or the short track of the programme.

Regular Track The regular track allows you to enter the first year (MSc 1) of the MSc in Corporate finance and to follow the 4 semesters of the programme (MSc 1 and MSc 2)

Short Track The short track allows direct entry into the 2nd year of the programme (MSc 2).

WORK-STUDY FORMAT

Students on the programme can gain industry experience by combining their studies with a work placement as part of an apprenticeship. Doing an apprenticeship can boost your employability and is an excellent way to develop hard and soft skills that are highly valued by employers. Apprenticeships will also allow you to be entirely waived of your tuition fees. The host company also pays you a monthly salary for the duration of the contract according to a scale based on the gross monthly minimum wage. The work-study rhythm will enable you to work part-time in a student-job for 8 to 20 hours per week. This is a great opportunity to expand your skill set. If you have an entrepreneurial mindset, you can also use your free time to build your own project!

CAREER

opportunities

This MSc prepares students for careers in financial management within groups, SMEs, banks, financial organisations and consultancies and more generally in all companies and not-for-profit entities.

SPECIFIC ROLES

- » Credit manager
- » Treasurer
- » Financial analyst

44 188 €
average annual salary
(gross + bonuses)
in 2021

"I joined the MANTU group as a management controller in Geneva in 2012, after graduating. I have evolved at the same time as the company has grown (40% annual growth).

Today I am Deputy CFO of the Mantu Group. I didn't have this specific position in mind, but only the desire to evolve and have a continuous learning curve: I wanted to grow at the same time as my company.

ICN was very formative for me because it allowed me to acquire more certainty and self-confidence, in particular thanks to regular group work and oral presentations."

Thomas Buc
Deputy Chief Financial Officer,
Mantu Group,
Geneva

PARTNER COMPANIES
