MASTER IN MANAGEMENT (Grande Ecole Degree) + DEGREE FROM ENGINEERING GRANDE ECOLES

» Degree in civil engineering from Mines (MINES Nancy)

→ Taken over 2 years, following the 2nd year of the Master in Management. A very high level general engineering programme with in-depth study of computer science.

» Degree in engineering/management (ENSGSI Nancy)

→ Taken over 2 years, following the 2nd year of the Master in Management. A dual engineering/management programme that focuses on driving innovation in business. The course has a strong scientific dimension but also equips students with the skills to become effective managers.

» Master in Design - Innovation and Global Design (ENSGSI Nancy)

→ Taken over 1 year, following the 2nd year of the Master in Management. This pathway prepares students for management roles and equips them with an expert understanding of innovation engineering. It focuses on product design, organization and service design, and the product design process; from concept generation to prototype creation.

(Information subject to change)

International

13 DOUBLE DEGREES: MASTER IN MANAGEMENT + INTERNATIONAL MASTER'S (IN PARTNERSHIP WITH FOREIGN PARTNER UNIVERSITIES)

→ International double degrees take place over one year and replace the second year of the programme (or more depending on the specific case).

ICN JUNIOR CONSEIL

ICN guarantees your EMPLOYABILITY

Thanks to our accreditations, our career-focused programs and the support we provide in terms of looking for internships and jobs, ICN guarantees your employability.

At ICN, you can work during your studies and secure your employability through apprenticeship! Available from the first year of master's in management, apprenticeship allows you to get ahead by developing the soft and hard skills highly valued by companies.

To support you in finding a host company, the Career and Internship Service organizes numerous events throughout the year. From individual coaching sessions, workshops, company forums, to job dating, ICN makes every effort to promote your professional integration and ensure an apprenticeship contract in the sector of your choice.

Additionally, with a network of 150 partner companies, ICN will open you the doors to big companies: a real advantage for your professional future!
